**2nd Floor, Staff Conference Room**  
601 Santa Monica Blvd., Santa Monica, CA

## AGENDA

- I. Call to Order and Introductions
- II. Presentation  
**Update on the County of Los Angeles Conversion Technology Project**  
Presenter: Pat Proano, Assistant Deputy Director,  
Los Angeles County Department of Public Works, Environmental Programs  
Division  
Upcoming landfill closures, environmental concerns, and other solid waste issues are motivators for diversifying the solid waste management approach in the County. In addition to expanding local capacity, seeking remote disposal capacity, and continuing to enhance and expand waste diversion and recycling activities, Los Angeles County has incorporated the development of conversion technologies as a feature of our approach to meeting our long-term solid waste management needs. This presentation provides an overview of conversion technologies, their potential benefits and applicability to solid waste management, and the County's current efforts to develop these facilities locally. Tobie Mitchell, Sr Civil Engineering Assistant will also be present to answer questions.
