National  
*Recovery Month*  
Prevention Works - Treatment is Effective - People Recover  
**september 2018**

## **NATIONAL RECOVERY MONTH** ([www.recoverymonth.gov](http://www.recoverymonth.gov))

The Substance Abuse and Mental Health Services Administration (SAMHSA) is the agency within the U.S. Department of Health and Human Services that leads public health efforts to advance the behavioral health of the nation. SAMHSA's mission is to reduce the impact of substance abuse and mental illness on America's communities.

SAMHSA sponsors National Recovery Month every September to increase awareness and understanding of mental and substance use disorders and celebrate the people who recover.

The theme for Recovery Month 2018 is Join the Voices for Recovery: Invest in Health, Home, Purpose, and Community.

The 2018 theme explores how integrated care, a strong community, sense of purpose, and leadership contributes to effective treatments that sustain the recovery of persons with mental and substance use disorders.
