### 1.2 West Hollywood Background

The City of West Hollywood is a General Law City with five Council members elected at-large to four year terms on a staggered basis. The City is also a contract city, which contracts out many of its public services. Police service is contracted with the Los Angeles County Sheriff's Department and Fire protection through the Los Angeles County and Consolidated Fire Protection District. The City has approximately 210 full-time and about 30 part-time employees. Its operating budget is approximately $112 million. The City's fiscal year begins on July 1 and ends on June 30.

With a population of approximately 35,000 and about 25,000 residential units in a land area of only 1.9 square miles, West Hollywood is a highly dense, urban community surrounded by the cities of Los Angeles and Beverly Hills. The City is home to a large immigrant Russian population, as well as one of the nation's best-known gay and lesbian communities. Relatively few children live in West Hollywood, as many of its residents are either adults with no children or senior citizens.

The City is home to the world famous Sunset Strip, the West Hollywood Design District and hosts the annual Halloween Carnaval in October, the Christopher Street West Gay, Bisexual, Lesbian and Transgender Pride Parade and Festival in June, as well as dozens of visitor attractions that include a wide variety of restaurants and entertainment venues. On a typical weekend, the City population swells to over 80,000 and during special events, the City attracts between a quarter and a half million people.

The city is also host to major employment centers, such as the 1.2 million square-foot Pacific Design Center, various office high-rises on Sunset Boulevard, Metro's Division 7 Bus Maintenance & Operations Facility, the Lot Film Studios and the Gateway Shopping Center, and almost 3,000 small businesses along the major commercial streets, including hotels and entertainment venues along The Sunset Strip, the shopping and entertainment district along Santa Monica Boulevard, and the West Hollywood Design District on Melrose Avenue, Robertson Avenue, and Beverly Boulevard. As well, Cedars-Sinai Medical Center, in adjacent Los Angeles, employs over 10,000 people and receives more than 2,000 patient visits daily. Nearby retail and shopping destinations such as the Beverly Center, the Original Farmers Market and the Grove bring over 18 million visitors to the area per year.

The City strives to provide a variety of transportation options for visitors and residents. Metro has both local and rapid busses travelling through the City with weekday boardings and alightings averaging 22,145 passengers. The CityLine
shuttle is a local circulator that averages 250 boardings a day. The City also offers a nighttime entertainment trolley on weekend nights along Santa Monica Boulevard. The “Pick Up” line is a 5.9 mile fixed-route trolley service with 31 stops. It has been creatively branded to encourage a safe and free ride home for nightlife goers in West Hollywood. It has been a huge success with an average of 1,425 boardings per weekend

2. PROJECT INFORMATION

2.1 Project Description and Background

Challenges and Issues Facing West Hollywood:
West Hollywood faces significant issues with respect to traffic and congestion. These issues existed prior to cityhood and continue to affect the community despite a variety of interventions initiated by the City over the years. For instance, West Hollywood has invested significantly in improving traffic signals designed to enhance the flow of traffic and allow buses to move without blocking intersections of traffic. Despite these improvements, West Hollywood continues to be impacted by a significant amount of vehicular traffic much of which is pass-through traffic, with commuters traveling from all sections of Los Angeles County to Beverly Hills, Century City and other parts of the Westside.

Addressing traffic in West Hollywood requires a comprehensive set of strategies. The City’s recently-adopted General Plan (GP) and Climate Action Plan (CAP) (2011) provide specific policy guidance and implementation actions the City needs to undertake to improve multi-modal transportation and improve overall mobility in the City. One strategy is to provide residents and commuters with additional mass transit options. West Hollywood has demonstrated its support for mass transit in a number of different ways. According to Metro data, there are over 97,000 average weekly bus boardings and alightings in West Hollywood. Many transit-dependent commuters arrive in West Hollywood by bus. Metro data also indicates that non-dependent transit users are often more likely to use rail than bus services. Rail service to this area could potentially capture an additional ridership base. As the City continues to grow following a transit-oriented development pattern, the demographic profile is also shifting, incorporating younger residents, who are more likely to go car-free, and who, in general, view rail service in more favorable ways and are more willing to utilize the service.

West Hollywood Voters Overwhelmingly Supported Measure R:
West Hollywood voters have consistently demonstrated their support for mass transit by voting in large numbers in favor of countywide measures to fund transit programs. In 2008, Los Angeles County voters approved Measure R, increasing the sales tax in Los Angeles County by one-half percent to fund rail and other transit improvements. Measure R was approved by 83.6% of the voters in West Hollywood, the highest percentage of support from any city on Los Angeles County. The most recent countywide sales tax measure appeared on ballots in 2012. Measure J would have extended Measure by another 30 years. Although this measure was approved by 66.1% of the voters countywide, it fell short of the 66.7% required for passage. Once again, West Hollywood voters showed their strong support for public transit with 81.4% of the city voting in favor of funding for mass transit.
The City's elected officials, staff and residents were actively involved in lobbying efforts to bring the Westside extension of the Metrorail to West Hollywood. They actively lobbied for the inclusion of a West Hollywood spur as part of the Westside extension. When Metro analyzed all of the alternatives for the construction of a Westside extension, one of the best performing alternatives was one that connected the Hollywood and Highland Metro station to the Westside extension on Wilshire by going through West Hollywood and connecting to the Wilshire line either via La Cienega or San Vicente. This alternative paired with the Wilshire line had the highest ridership of any of the alternatives. Despite lobbying by West Hollywood representatives, the alignment through West Hollywood was not chosen as the preferred alternative, primarily due to funding constraints. Metro officials, however, committed to including service to West Hollywood as a high priority in its long range plan.

A Metro-funded poll conducted earlier this year suggests that more than two-thirds of Los Angeles County residents would support another transportation funding measure in 2016.

**Crenshaw Extension to West Hollywood:**
One of the five projects that Metro tested for inclusion in an upcoming 2016 ballot measure is a north-south connection between the Red Line in Hollywood and the Crenshaw Line. Metro polling data shows that almost 80% of Central Los Angeles residents questioned in the poll said they would be more likely to support a 2016 transportation ballot measure if it funded a project to connect the Metro Red Line station in Hollywood to the Wilshire Boulevard subway and the Exposition and Crenshaw lines. And a 2010 Metro report concluded that “such a corridor would have the potential to provide north/south transit connection with the Crenshaw/LAX Transit Corridor, the South Bay Metro Green Line Extension and future potential extensions that could ultimately extend as far south as Long Beach and/San Pedro”. Metro is currently proceeding with a Crenshaw/LAX Northern Extension Feasibility Study that will further define such a project.

Over the past year, the City of West Hollywood’s elected leaders and staffs have actively participated on the Westside Cities Council of Governments (WSCCOG), which has supported a Crenshaw Extension through West Hollywood as the highest priority in Metro’s Mobility Matrix process informing Metro’s Long Range Transportation Plan (LRTP) update and the Ballot Measure Expenditure Plan, required by the passage of SB 767 (2015). As well, with the support of the City’s transportation policy consultant, staff has been coordinating with LA County Supervisor and Metro Board member Kuehl’s staff, Metro, and staff from the City of Los Angeles Planning Department and Department of Transportation, and has engaged LA County Supervisor and Metro Board member Ridley-Thomas’s staff, to refine the scope for the Crenshaw/LAX Northern Extension Feasibility Study.
One of the products of the City’s efforts to define and promote rail service to West Hollywood is an outreach flyer (see Section 4.2) created to educate stakeholders of the benefit of the proposed rail alignment and provide data to support investment in this north-south transit corridor, supporting regional transit connectivity.

2.2 Goals of the RFP

The purpose of this RFP is to identify a consultant or firm that will act as the outreach strategist to lead, design, coordinate and implement a community and stakeholder outreach campaign with the goal of building and engaging a broad coalition in support of rail service to West Hollywood, and the Crenshaw Line Extension in particular. One of the tasks for the consultant or firm will be to aid in the establishment and coordination of the West Hollywood Advocates for Metro (WHAM) committee, as prioritized by City Council and described in the July 20, 2015 staff report (see Section 4.1). In addition, the consultant or firm will work with West Hollywood’s elected officials, City staff and the City’s transportation policy consultant and with key staff with prominent decision makers on Metro’s Board and other regional boards that have discretionary authority over funding and planning of major transit services such as rail service. The primary goals associated with building alliances locally and with communities along the entire proposed north-south transit corridor 1) to advocate for the Crenshaw Line/LAX Northern Extension route to include West Hollywood and 2) for Metro to include the project in the 2016 ballot measure as a priority project, with an advanced timeline for construction.

To support the outreach and coalition-building efforts, it is anticipated that the consultant or firm may need to identify potential additional services to supplement the primary outreach services. Such services could include additional polling, data collection and/or compilation and analysis to educate key decision makers and stakeholders of the benefits of and support for this north-south rail alignment, for example.

2.3 Minimum Qualifications

The ideal consultant or firm shall possess:

- Extensive knowledge of West Hollywood and professional/personal connections with local community leaders.

- Extensive knowledge and professional/personal connections with leaders in the communities located along the proposed north-south transit corridor from LAX to Hollywood, including communities along the existing Crenshaw Line under construction and the proposed Crenshaw Line Northern Extension.
• Extensive knowledge of transit and Metro policies and politics so as to provide the City of West Hollywood with additional connections and contacts to achieve the ultimate goals of the RFP.

• Familiarity with key decision makers and their staff, and shall be able to facilitate a dialogue between the City’s elected officials, WHAM, key stakeholders along the proposed north-south spine and Metro decision makers.

• In-depth familiarity with Metro's Long Range Transportation Plan (LRTP), Short Range Transit Plan (SRTP), and other local and regional transportation planning documents, funding mechanisms, associated politics, and historical decisions.

• In-depth knowledge of the Metro Board structure and demonstrable personal connections with its members. In addition, the selected candidate shall possess fluid interpersonal relationships with key Metro staff.

THE NORTH/SOUTH TRANSIT SPINE OF L.A.
Few direct north/south transit connections exist in Los Angeles, as the east/west travel corridors dominate the landscape. As the Metro rail system expands to better serve the region, it is critical to build a strong north/south spine between the San Fernando Valley and the South Bay, providing access to major job centers, housing, cultural institutions, entertainment hubs, transit centers, and airports.

BUILDING THE MISSING NORTH/SOUTH LINK
The build-out of the Crenshaw Light Rail Line provides a unique opportunity to bridge the gap between the San Fernando Valley (served by the Red Line) and the South Bay (served by the Green Line) — establishing a powerful north/south transit spine. Several major job centers, institutions, and entertainment hubs are located between Hollywood and the terminus of the Crenshaw Line. Extending the Crenshaw Line north will create access for millions of people to these destinations, as well as to LAX, the 5th busiest airport in the world, and Inglewood’s proposed NFL stadium.

Building a central north/south LA transit line is critical to developing an efficient and well connected rail network for the region. The map below illustrates potential alignments through West Hollywood, connecting the Crenshaw Line to the Red Line.

AGREEMENT OF SERVICES
CONSULTANT

This Agreement is made on this _____ day of __________________, 20___, at West Hollywood, California, by and between the City of West Hollywood, a municipal corporation, 8300 Santa Monica Boulevard, West Hollywood, California 90069 (hereinafter referred to as the “CITY”) and ________________________________ (hereinafter referred to as the “CONSULTANT”).

RECITALS

A. The CITY proposes to contract for professional services as outlined below;

B. The CONSULTANT is willing to perform such services and has the necessary qualifications by reason of experience, preparation, and organization to provide such services;

C. NOW, THEREFORE, the CITY and the CONSULTANT, mutually agree as follows:

1. SERVICES. The CONSULTANT shall perform those services set forth in “Exhibit A,” which is attached hereto and incorporated herein by reference.

2. TERM OF AGREEMENT. The term of this contract shall commence upon execution by both parties and shall expire on __________, 20___ unless extended in writing in advance by both parties.

3. TIME OF PERFORMANCE. The services of the CONSULTANT are to commence upon receipt of a notice to proceed from the CITY and shall continue until all authorized work is completed to the CITY’s satisfaction, in accordance with the schedule incorporated in “Exhibit A,” unless extended in writing by the CITY.

4. PAYMENT FOR SERVICES. The CONSULTANT shall be compensated in an amount not to exceed $___________________ for services provided pursuant to this Agreement as described in “Exhibit A.” Compensation shall under no circumstances be increased except by written amendment of this Agreement. The CONSULTANT shall be paid within thirty (30) days of presentation of an invoice to the CITY for services performed to the CITY’s satisfaction. The CONSULTANT shall submit invoices monthly describing the services performed, the date services were performed, a description of reimbursable costs, and any other information requested by the CITY.

5. CONTRACT ADMINISTRATION.
5.1. **The CITY’s Representative.** Unless otherwise designated in writing, ______________ shall serve as the CITY’s representative for the administration of the project. All activities performed by the CONSULTANT shall be coordinated with this person.

5.2. **Manager-in-Charge.** For the CONSULTANT, ______________ shall be in charge of the project on all matters relating to this Agreement and any agreement or approval made by her/him shall be binding on the CONSULTANT. The Manager-in-Charge shall not be replaced without the written consent of the CITY.

5.3. **Responsibilities of the CITY.** The CITY shall provide all relevant documentation in its possession to the CONSULTANT upon request in order to minimize duplication of efforts. The CITY’s staff shall work with the CONSULTANT as necessary to facilitate performance of the services.

5.4. **Personnel.** The CONSULTANT represents that it has or will secure at its own expense all personnel required to perform the services under this Agreement. All of the services required under this Agreement will be performed by the CONSULTANT or under its supervision, and all personnel engaged in the work shall be qualified to perform such services. The CONSULTANT reserves the right to determine the assignment of its own employees to the performance of the CONSULTANT’s services under this Agreement, but the CITY reserves the right, for good cause, to require the CONSULTANT to exclude any employee from performing services on the CITY’s premises.

6. **TERMINATION.**

6.1. **Termination for Convenience.** Either party may terminate this Agreement without cause and in its sole discretion at any time by giving the other party thirty (30) days’ written notice of such termination. In the event of such termination, the CONSULTANT shall cease services as of the date of termination and shall be compensated for services performed to the CITY’s satisfaction up to the date of termination.

6.2. **Termination for Cause.** All terms, provisions, and specifications of this Agreement are material and binding, and failure to perform any material portion of the work described herein shall be considered a breach of this Agreement. Should the Agreement be breached in any manner, the CITY may, at its option, terminate the Agreement not less than five (5) days after written notification is received by the CONSULTANT to remedy the violation within the stated time or within any other time period agreed to by the parties. In the event of such termination, the CONSULTANT shall be responsible for any additional
costs incurred by the CITY in securing the services from another
CONSULTANT.

7. **INDEMNIFICATION.** Consultant shall indemnify, defend with counsel
approved by CITY, and hold harmless CITY, its officers, officials, employees
and volunteers from and against all liability, loss, damage, expense, cost
(including without limitation reasonable attorneys fees, expert fees and all
other costs and fees of litigation) of every nature arising out of or in
connection with CONSULTANT's performance of work hereunder or its failure
to comply with any of its obligations contained in this AGREEMENT,
regardless of CITY'S passive negligence, but excepting such loss or damage
which is caused by the sole active negligence or willful misconduct of the
CITY. Should CITY in its sole discretion find CONSULTANT'S legal counsel
unacceptable, then CONSULTANT shall reimburse the CITY its costs of
defense, including without limitation reasonable attorneys fees, expert fees
and all other costs and fees of litigation. The CONSULTANT shall promptly
pay any final judgment rendered against the CITY (and its officers, officials,
employees and volunteers) covered by this indemnity obligation. It is
expressly understood and agreed that the foregoing provisions are intended to
be as broad and inclusive as is permitted by the law of the State of California
and will survive termination of this Agreement.

8. **INSURANCE REQUIREMENTS.**

8.1. The CONSULTANT, at the CONSULTANT’s own cost and expense,
shall procure and maintain, for the duration of the contract, the following
insurance policies:

8.1.1. **Workers’ Compensation Coverage.** The CONSULTANT
shall maintain Workers’ Compensation Insurance and
Employer’s Liability Insurance for its employees in accordance
with the laws of the State of California. In addition, the
CONSULTANT shall require any and every subcontractor to
similarly maintain Workers’ Compensation Insurance and
Employer’s Liability Insurance in accordance with the laws of
the State of California for all of the subcontractor’s employees.
Any notice of cancellation or non-renewal of all Workers’
Compensation policies must be received by the CITY at least
thirty (30) days prior to such change. The insurer shall agree to
waive all rights of subrogation against the CITY, its officers,
agents, employees, and volunteers for losses arising from work
performed by the CONSULTANT for City.
This provision shall not apply if the CONSULTANT has no employees performing work under this Agreement. If the CONSULTANT has no employees for the purposes of this Agreement, the CONSULTANT shall sign the “Certificate of Exemption from Workers’ Compensation Insurance” which is attached hereto and incorporated herein by reference as “Exhibit B.”

8.1.2. **General Liability Coverage.** The CONSULTANT shall maintain commercial general liability insurance in an amount of not less than one million dollars ($1,000,000) per occurrence for bodily injury, personal injury, and property damage. If a commercial general liability insurance form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit.

8.1.3. **Automobile Liability Coverage.** The CONSULTANT shall maintain automobile liability insurance covering bodily injury and property damage for all activities of the CONSULTANT arising out of or in connection with the work to be performed under this Agreement, including coverage for owned, hired, and non-owned vehicles, in an amount of not less than three hundred thousand dollars ($300,000) combined single limit for each occurrence. If CONSULTANT or CONSULTANT’s employees will use personal autos in any way on this project, CONSULTANT shall obtain evidence of personal auto liability coverage for each such person.

8.2. **Endorsements.** Each general liability and automobile liability insurance policy shall be issued by insurers possessing a Best’s rating of no less than A-:VII. Each general liability insurance policy shall be endorsed with the specific language of Section 8.2.1 below. CONSULTANT also agrees to require all contractors, and subcontractors to do likewise.

8.2.1. “The CITY, its elected or appointed officers, officials, employees, agents, and volunteers are to be covered as additional insureds with respect to liability arising out of work performed by or on behalf of the CONSULTANT, including materials, parts, or equipment furnished in connection with such work or operations.”
8.2.2. This policy shall be considered primary insurance as respects the CITY, its elected or appointed officers, officials, employees, agents, and volunteers. Any insurance maintained by the CITY, including any self-insured retention the CITY may have, shall be considered excess insurance only and shall not contribute with this policy.

8.2.3. This insurance shall act for each insured and additional insured as though a separate policy had been written for each, except with respect to the limits of liability of the insuring company.

8.2.4. Notwithstanding the provisions included in any of the ISO Additional Insured Endorsement forms, CONSULTANT acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amounts of coverage required. Any insurance proceeds available to the CITY in excess of the limits and coverage required in this agreement and which is applicable to a given loss will be available to the CITY.

8.2.5. The insurer waives all rights of subrogation against the CITY, its elected or appointed officers, officials, employees, or agents regardless of the applicability of any insurance proceeds, and agrees to require all subcontractors to do likewise.

8.2.6. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City, its elected or appointed officers, officials, employees, agents, or volunteers.

8.2.7. The insurance provided by this policy shall not be suspended, voided or reduced in coverage or in limits except after thirty (30) days’ written notice has been submitted to the CITY and approved of in writing, except in the case of cancellation, for which ten (10) days’ written notice shall be provided.

8.2.8. CONSULTANT agrees to provide immediate notice to CITY of any claim or loss against CONSULTANT arising out of the work performed under this agreement. CITY assumes no obligation or liability by such notice, but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve CITY.

8.3. **Self Insured Retention/Deductibles.** All policies required by this Agreement shall allow City, as additional insured, to satisfy the self-insured retention (“SIR”) and/or deductible of the policy in lieu of the Owner (as the named insured) should Owner fail to pay the SIR or
deductible requirements. The amount of the SIR or deductible shall be subject to the approval of the City Attorney and the Finance Director. Owner understands and agrees that satisfaction of this requirement is an express condition precedent to the effectiveness of this Agreement. Failure by Owner as primary insured to pay its SIR or deductible constitutes a material breach of this Agreement. Should City pay the SIR or deductible on Owner’s behalf upon the Owner’s failure or refusal to do so in order to secure defense and indemnification as an additional insured under the policy, City may include such amounts as damages in any action against Owner for breach of this Agreement in addition to any other damages incurred by City due to the breach."

8.4. **Certificates of Insurance.** The CONSULTANT shall provide certificates of insurance with original endorsements to the CITY as evidence of the insurance coverage required herein. Certificates of such insurance shall be filed with the CITY on or before commencement of performance of this Agreement. Current certification of insurance shall be kept on file with the CITY at all times during the term of this Agreement. The CONSULTANT shall provide written evidence of current automobile coverage to comply with the automobile insurance requirement.

8.5. **Failure to Procure Insurance.** Failure on the part of the CONSULTANT to procure or maintain required insurance shall constitute a material breach of contract under which the CITY may terminate this Agreement pursuant to Section 6.2 above.

9. **ASSIGNMENT AND SUBCONTRACTING.** The parties recognize that a substantial inducement to the CITY for entering into this Agreement is the professional reputation, experience, and competence of the CONSULTANT. Assignments of any or all rights, duties, or obligations of the CONSULTANT under this Agreement will be permitted only with the express consent of the CITY. The CONSULTANT shall not subcontract any portion of the work to be performed under this Agreement without the written authorization of the CITY. If the CITY consents to such subcontract, the CONSULTANT shall be fully responsible to the CITY for all acts or omissions of the subcontractor. Nothing in this Agreement shall create any contractual relationship between the CITY and subcontractor nor shall it create any obligation on the part of the CITY to pay or to see to the payment of any monies due to any such subcontractor other than as otherwise is required by law.

10. **COMPLIANCE WITH LAWS, CODES, ORDINANCES, AND REGULATIONS.** The CONSULTANT shall use the standard of care in its profession to comply with all applicable federal, state, and local laws, codes, ordinances, and regulations.
10.1. **Taxes.** The CONSULTANT agrees to pay all required taxes on amounts paid to the CONSULTANT under this Agreement, and to indemnify and hold the CITY harmless from any and all taxes, assessments, penalties, and interest asserted against the CITY by reason of the independent contractor relationship created by this Agreement. In the event that the CITY is audited by any Federal or State agency regarding the independent contractor status of the CONSULTANT and the audit in any way fails to sustain the validity of a wholly independent contractor relationship between the CITY and the CONSULTANT, then the CONSULTANT agrees to reimburse the CITY for all costs, including accounting and attorneys’ fees, arising out of such audit and any appeals relating thereto.

10.2. **Workers’ Compensation Law.** The CONSULTANT shall fully comply with the workers’ compensation law regarding the CONSULTANT and the CONSULTANT’s employees. The CONSULTANT further agrees to indemnify and hold the CITY harmless from any failure of the CONSULTANT to comply with applicable workers’ compensation laws. The CITY shall have the right to offset against the amount of any compensation due to the CONSULTANT under this Agreement any amount due to the CITY from the CONSULTANT as a result of the CONSULTANT’s failure to promptly pay to the CITY any reimbursement or indemnification arising under this Section.

10.3. **Licenses.** The CONSULTANT represents and warrants to the CITY that it has all licenses, permits, qualifications, insurance, and approvals of whatsoever nature which are legally required of the CONSULTANT to practice its profession. The CONSULTANT represents and warrants to the CITY that the CONSULTANT shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, insurance, and approvals which are legally required of the CONSULTANT to practice its profession. The CONSULTANT shall maintain a City of West Hollywood business license, if required under CITY ordinance.

11. **CONFLICT OF INTEREST.** The CONSULTANT confirms that it has no financial, contractual, or other interest or obligation that conflicts with or is harmful to performance of its obligations under this Agreement. The CONSULTANT shall not during the term of this Agreement knowingly obtain such an interest or incur such an obligation, nor shall it employ or subcontract with any person for performance of this Agreement who has such incompatible interest or obligation.

12. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY.** The CONSULTANT represents and agrees that it does not and will not discriminate against any employee or applicant for employment because of race, religion,
color, national origin, sex, sexual orientation, gender identity, political affiliation or opinion, medical condition, or pregnancy or pregnancy-related condition. The CONSULTANT will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, religion, color, national origin, sex, sexual orientation, gender identity, political affiliation or opinion, medical condition, or pregnancy or pregnancy-related condition. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoffs or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONSULTANT agrees to include in all solicitations or advertisements for employment and to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

13. **LIVING WAGE ORDINANCE.** The CONSULTANT shall abide by the provisions of the West Hollywood Living Wage Ordinance. During the term of this Agreement, the CONSULTANT shall keep on file sufficient evidence of its employee compensation to enable verification of compliance with the West Hollywood Living Wage Ordinance.

14. **EQUAL BENEFITS ORDINANCE, No. 03-662.** The CONSULTANT shall abide by the provisions of the West Hollywood Equal Benefits Ordinance. During the term of this Agreement, the CONSULTANT shall keep on file sufficient evidence of its employee compensation and any applicable benefits packages, as those benefits relate to the coverage of the domestic partners of CONSULTANT’s employees, which shall include; bereavement leave; family medical leave, and health insurance benefits, to enable verification of compliance with the West Hollywood Equal Benefits Ordinance.

15. **RESTRICTIONS: Arab League Boycott of Israel.** The CONSULTANT hereby affirms it does not honor the Arab League Boycott of Israel.

16. **RECORDS AND AUDITS.** The CONSULTANT shall maintain accounts and records, including personnel, property, and financial records, adequate to identify and account for all costs pertaining to this Agreement and such other records as may be deemed necessary by the CITY or any authorized representative. All records shall be made available at the request of the CITY, with reasonable notice, during regular business hours, and shall be retained by the CONSULTANT for a period of three years after the expiration of this Agreement.

17. **OWNERSHIP OF DOCUMENTS.** It is understood and agreed that the CITY shall own all documents and other work product of the CONSULTANT, except the CONSULTANT’s notes and workpapers, which pertain to the work performed under this Agreement. The CITY shall have the sole right to use
such materials in its discretion and without further compensation to the CONSULTANT, but any re-use of such documents by the CITY on any other project without prior written consent of the CONSULTANT shall be at the sole risk of the CITY. The CONSULTANT shall at its sole expense provide all such documents to the CITY upon request.

18. **INDEPENDENT CONSULTANT.** The CONSULTANT is and shall at all times remain as to the CITY a wholly independent CONSULTANT. Neither the CITY nor any of its agents shall have control over the conduct of the CONSULTANT or any of the CONSULTANT’s employees or agents, except as herein set forth. The CONSULTANT shall not at any time or in any manner represent that it or any of its agents or employees are in any manner agents or employees of the CITY. The CONSULTANT shall have no power to incur any debt, obligation, or liability on behalf of the CITY or otherwise act on behalf of the CITY as an agent.
