2. PROJECT INFORMATION

2.1. Community Engagement & Content Development Support

The City is soliciting proposals to provide professional services for community engagement services in support of a significant AIDS monument. The Foundation for the AIDS Monument (FAM) has hired artist Dan Tobin to design the Monument’s physical art piece to be located on City property in West Hollywood Park, in a prominent location significant to the histories of LGBT civil liberties and the fight against AIDS. The City, in coordination with FAM, is looking to hire a team of consultants to help in the development of content (stories, history, imagery, etc.) for integration into the AIDS Monument and an accompanying website. It is anticipated that this will be accomplished through a variety of community outreach strategies that will engage diverse communities in storytelling and history-sharing related to the AIDS epidemic and the continuing battle against HIV/AIDS today.

The City is looking for a consulting team with knowledge of the AIDS crisis and the local community of people, organizations and institutions who have been and are affected by the AIDS crisis, prevention, support services and education campaigns. The consulting team should have within its cohort some or all of these skill sets:

- community outreach and engagement
- story-telling and story collection strategies
- archiving personal narratives
- content development for memorials, monuments, or permanent exhibits
- experience that might be found in museum educators or curators.

Various design concepts for the AIDS Monument shall be derived from the content, stories and input received from the community, stakeholders and others wishing to openly share ideas. The consultant team should give strong consideration to maximizing participation, and shall design an outreach and community engagement program flexible enough to address any major concerns or issues that may arise from the community.

The diverse stories and input collected by the outreach consultant team through the outreach program will be referenced and/or translated by Artist Dan Tobin in his final design for the AIDS Monument, and representative stories will be selected for their integration into the physical art piece as narrative text, imagery and/or personalized soundscapes or video projections, for example. All of the content collected during the outreach will also be archived by the outreach consultant for future use in a website, digital/virtual environments or other supporting technologies or archival mechanisms.

The collection of stories and information may also provide content for inclusion in the West Hollywood Library’s AIDS collection, and/or other local or regional archives or museums, as well as within the AIDS Monument site itself.
Participation by the community is of particular importance in developing a personal and meaningful monument. The City Council of the City of West Hollywood and FAM have expressed the need for a comprehensive outreach plan for building an engaged community around the monument and for collecting AIDS stories from diverse voices.

The City Council approved the formation of an AIDS Monument Outreach Advisory Team (AMOAT) in December 2016. The nine-member AMOAT is comprised of volunteer stakeholders who have been leaders in the community and the fight against HIV/AIDS. The Advisory Team will guide the outreach and public engagement for the development of the AIDS Monument Project, and greatly enhancing FAM’s efforts to create an AIDS Monument that speaks to the diversity of people who are and have been affected by the AIDS epidemic.

Over the next four months, the Advisory Team will help City and FAM staffs to: set goals for public engagement; select an outreach consultant team; guide the outreach consultant in reaching important stakeholders; and provide feedback on the outreach consultant’s proposal to reach and engage a diversity of communities. The Advisory Team will also be asked to help guide the content selected for the locally-focused AIDS Monument Timeline which is currently under development by Karen Ocamb as a separate scope of services commissioned by City Council in December 2016.

2.2. Goal of the RFP

The purpose of this RFP is to select a consulting team that will support FAM, the artist Dan Tobin, and collaborate with the City, based on the consultant’s proposal to:

- Implement a comprehensive outreach and content collection/archival strategy;
- Coordinate messaging and communication with the City, FAM, and the artist;
- Coordinate the identification of a diverse group of key stakeholders and organizations to interview for their stories (aka, "content");
- Document, record and archive personal, professional, cultural and political AIDS stories (for use in the AIDS Monument Project and possible supplemental programs) using multiple media resources, such as photography, video and voice recording booths, website entries, articles and transcription services;
- Identify future partners who may develop programs supplementary to the AIDS Monument; and
- Coordinate efforts with third party resources to accomplish the above-stated goals.

2.3. Project Team and Expertise

The consultant(s) or consultant team should include appropriate staffing and technical expertise to address the Scope of Services outlined below. The consultant(s) may be a single multi-service firm, or comprised of a lead consultant with sub-consultants as required. Strong knowledge of the HIV/AIDS crisis and response is desired. The City anticipates needing specific technical expertise particularly for content collection and
archiving. An innovative community engagement program is a critical component of this project. In addition to technical expertise in key topic areas, the project team must demonstrate that they can contribute:

- A high level of creativity and use of graphics in the production of innovative and user-friendly reports and other materials
- The ability to effectively communicate ideas to a wide range of audiences
- Expert facilitation and collaboration skills for working with City staff, FAM and AMOAT
- Experience in developing and implementing innovative community engagement programs and events in a multi-lingual environment (in this case, primarily English and Russian). The City can provide translation services if needed.
- Experience in collecting, curating, archiving and clearing for use by the City and FAM content (aka stories).
- Availability and capacity to move the project forward and the flexibility to adjust quickly to changes in a complex community environment.

The ideal consulting team shall possess one or more of the following minimum qualifications:

- Knowledge of the history of the AIDS crisis and of the full range of people who were and are impacted by AIDS.
- Knowledge of West Hollywood and professional/personal connections with local, state and national community leaders.
- Extensive experience in engaging diverse communities.
- Experience in content development for public education, art and/or exhibits.
- Experience working with volunteer non-profit organizations and community advisory groups.

The City is hosting an **Informational Conference on April 11, 2017 at 4 P.M.** Potential consultants or consultant team members are welcome to attend the Informational Conference with the aim of meeting other consultants with whom to form a team, to provide the needed expertise. As well, potential team members are welcome to join more than one consultant team as long as their participation, role and rate are clearly stated in each proposal. The City encourages each consultant or consultant team to consider additional team members in order to provide the expertise required to achieve the stated goals below.

### 2.4. Scope of Services

Approved by the AIDS Monument Outreach Advisory Team, or AMOAT, the following are the basic goals and objectives to be met by the winning proposal for comprehensive outreach and content development scope of services:

1. **Get the Word Out**
2. Prioritize Inclusivity and Invite Broad Participation
3. Collect and Archive the Stories
4. Engage, Educate and Build Partnerships

The main tasks for this project are: collection, curation and archiving of AIDS stories and history through the implementation of an innovative community outreach plan; and development of content for the AIDS Monument and possible use in programs supplemental to the Monument. Specific goal-oriented tasks to be addressed in the proposal include:

Get the Word Out:

1. The consulting team shall develop and coordinate a communications strategy with the City staff, FAM and the AIDS Monument Outreach Advisory Team (AMOAT).

2. The consulting team shall also work closely with City of West Hollywood elected officials and leaders in the HIV/AIDS leadership community to identify and engage current groups and individual supporters of an AIDS Monument in West Hollywood.

3. The consulting team shall propose and implement communication and outreach mechanisms (such as outreach event notifications, social media, networking, flyers and other printed communication materials, articles, and public notices) to engage the diverse local community of people touched by the AIDS crisis. A variety of communication means should be used, especially to engage populations such as youth and seniors who may be difficult to reach using traditional means. The AIDS Monument Outreach Advisory Team will be a good resource for the consultant team to engage regarding networking.

4. Upon conclusion of the outreach program, the consulting team shall summarize and prepare a report for presentation to City Council. The consulting team should be able to demonstrate to the City Council achievement of a broad and high degree of community awareness of the AIDS Monument and the various opportunities for engagement, including among diverse communities, AIDS organizations, leaders in the HIV/AIDS community, and City residents and businesses.

Prioritize Inclusivity and Invite Broad Participation:

5. The consulting team shall design, produce and conduct community engagement sessions, workshops and presentations to engage diverse communities and outreach to organizations throughout the region, varying in scale from large scale community workshops to pop-up events and to one-on-one stakeholder meetings. Key engagement activities may include:
   - Generation of content (blog posts, images, etc.) for the project website or AIDS Monument names or memory book
   - Pop-up workshops or special events
Focus groups to solicit input on specific issues from key stakeholder groups

   create a mission statement to guide engagement; compile a list of key stakeholders to be directly engaged, including relevant details of stakeholders already contacted by FAM; and create a draft outline and schedule for future outreach events and stakeholder and community engagement sessions. The key stakeholder list should be representative of HIV/AIDS stakeholder groups, including activists, artists, caregivers, cultural organizations, health organizations, etc. and representing diversity of race, gender-identity, age, sexual orientation, ability, etc.

**Collect and Archive the Stories:**

7. The consulting team shall propose, and work with City staff, FAM, the artist, and the AMOAT, to develop a recording/archiving strategy for collecting stories and information gained at community events and individual meetings.

8. The consulting team shall implement a multi-faceted system to collect, curate and archive multiple diverse AIDS stories in support of the development of content for the Monument, in coordination with City staff, FAM, Artist Dan Tobin, the AIDS Monument Outreach Advisory Team (AMOAT). Collection of stories could include the use of a website, social media, photography, video and/or sound recordings, and written submissions/articles, for example.

9. The consulting team shall collect enough and diverse stories from individuals and organizations throughout the region to represent the local story of HIV/AIDS.

10. The stories shall be collected and archived in such a way that they are accessible and verifiable, to include significant data and/or citations such as source and date, and release forms for use by the City, FAM or Dan Tobin of personal information or imagery.

**Engage, Educate and Build Partnerships:**

11. The consultant(s) shall work with the City and FAM on coordinated educational messaging that will engage various generations of people, through social media, print material and potentially through public service announcements (PSAs).
12. The consultant(s), the City, FAM and the artist shall consider that each social media platform and event/meeting is an opportunity to educate people about the significance of an AIDS Monument. For example, re-telling some of the representative and poignant stories collected earlier in the outreach process may be a good test to what resonates with people from different perspectives and different generations.

13. During the course of outreach events, workshops and one-on-one meetings, the consultant(s), the City and FAM shall consider and identify potential future partners regarding the use of content developed during the outreach program. For example, the West Hollywood Library may be interested in adding content to its collection regarding HIV/AIDS or an education-oriented organization may be interested in developing an HIV/AIDS education program for schoolchildren. The consultant(s) shall maintain a list of these potential partners.

2.5. Program Requirements

B. The CONTRACTOR is willing to perform such services and has the necessary qualifications by reason of experience, preparation, and organization to provide such services;

C. NOW, THEREFORE, the CITY and the CONTRACTOR, mutually agree as follows:

4. SERVICES. The CONTRACTOR shall perform those services set forth in “Exhibit A,” which is attached hereto and incorporated herein by reference.

5. TERM OF AGREEMENT. The term of this contract shall commence upon execution by both parties and shall expire on June 30, 20___ unless extended in writing in advance by both parties.

6. TIME OF PERFORMANCE. The services of the CONTRACTOR are to commence upon receipt of a notice to proceed from the CITY and shall continue until all authorized work is completed to the CITY’s satisfaction, in accordance with the schedule incorporated in “Exhibit A,” unless extended in writing by the CITY.

7. PAYMENT FOR SERVICES. The CONTRACTOR shall be compensated in an amount not to exceed $__________ for services provided pursuant to this Agreement as described in “Exhibit A.” Compensation shall under no circumstances be increased except by written amendment of this Agreement. The CONTRACTOR shall be paid within forty-five (45) days of presentation of an invoice to the CITY for services performed to the CITY’s satisfaction. The CONTRACTOR shall submit invoices monthly describing the services performed, the date services were performed, a description of reimbursable costs, and any other information requested by the CITY.

8. CONTRACT ADMINISTRATION.

8.1. The CITY’s Representative. Unless otherwise designated in writing, ________________________, shall serve as the CITY’s representative for the administration of the project. All activities performed by the CONTRACTOR shall be coordinated with this person.
8.2. **Manager-in-Charge.** For the CONTRACTOR, ______________ shall be in charge of the project on all matters relating to this Agreement and any agreement or approval made by her/him shall be binding on the CONTRACTOR. The Manager-in-Charge shall not be replaced without the written consent of the CITY.

8.3. **Responsibilities of the CITY.** The CITY shall provide all relevant documentation in its possession to the CONTRACTOR upon request in order to minimize duplication of efforts. The CITY’s staff shall work with the CONTRACTOR as necessary to facilitate performance of the services.

8.4. **Personnel.** The CONTRACTOR represents that it has or will secure at its own expense all personnel required to perform the services under this Agreement. All of the services required under this Agreement will be performed by the CONTRACTOR or under its supervision, and all personnel engaged in the work shall be qualified to perform such services. The CONTRACTOR reserves the right to determine the assignment of its own employees to the performance of the CONTRACTOR’s services under this Agreement, but the CITY reserves the right, for good cause, to require the CONTRACTOR to exclude any employee from performing services on the CITY’s premises.

9. **TERMINATION.**

9.1. **Termination for Convenience.** Either party may terminate this Agreement without cause and in its sole discretion at any time by giving the other party thirty (30) days’ written notice of such termination. In the event of such termination, the CONTRACTOR shall cease services as of the date of termination and shall be compensated for services performed to the CITY’s satisfaction up to the date of termination.

9.2. **Termination for Cause.** All terms, provisions, and specifications of this Agreement are material and binding, and failure to perform any material portion of the work described herein shall be considered a breach of this Agreement. Should the Agreement be breached in any manner, the CITY may, at its option, terminate the Agreement not less than five (5) days after written notification is received by the CONTRACTOR to remedy the violation within the stated time or within any other time period agreed to by the parties. In the event of such termination, the CONTRACTOR shall be responsible for any additional costs incurred by the CITY in securing the services from another contractor.

10. **INDEMNIFICATION.** CONTRACTOR shall indemnify, defend with counsel approved by CITY, and hold harmless CITY, its officers, officials, employees and volunteers from and against all liability, loss, damage, expense, cost (including without limitation reasonable attorneys fees, expert fees and all other costs and fees of litigation) of every nature arising out of or in connection with CONTRACTOR’s performance of work hereunder or its failure to comply with any of its obligations contained in this AGREEMENT, regardless of CITY’S passive negligence, but excepting such loss or damage which is caused by the sole active negligence or willful misconduct of the CITY. Should CITY in its sole discretion find CONTRACTOR’S legal counsel unacceptable, then CONTRACTOR shall reimburse the CITY its costs of defense, including without limitation reasonable attorneys fees, expert fees and all other costs and fees of litigation. The CONTRACTOR shall promptly pay any final judgment rendered against the CITY (and its officers, officials, employees and volunteers) covered by this indemnity obligation. It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as is permitted by the law of the State of California and will survive termination of this Agreement.
11. **INSURANCE REQUIREMENTS.**

11.1. The CONTRACTOR, at the CONTRACTOR’s own cost and expense, shall procure and maintain, for the duration of the contract, the following insurance policies:

11.1.1. **Workers’ Compensation Coverage.** The CONTRACTOR shall maintain Workers’ Compensation Insurance and Employer’s Liability Insurance for its employees in accordance with the laws of the State of California. In addition, the CONTRACTOR shall require any and every subcontractor to similarly maintain Workers’ Compensation Insurance and Employer’s Liability Insurance in accordance with the laws of the State of California for all of the subcontractor’s employees. Any notice of cancellation or non-renewal of all Workers’ Compensation policies must be received by the CITY at least thirty (30) days prior to such change. The insurer shall agree to waive all rights of subrogation against the CITY, its officers, agents, employees, and volunteers for losses arising from work performed by the CONTRACTOR for City.

This provision shall not apply if the CONTRACTOR has no employees performing work under this Agreement. If the CONTRACTOR has no employees for the purposes of this Agreement, the CONTRACTOR shall sign the “Certificate of Exemption from Workers’ Compensation Insurance” which is attached hereto and incorporated herein by reference as “Exhibit B.”

11.1.2. **General Liability Coverage.** The CONTRACTOR shall maintain commercial general liability insurance in an amount of not less than one million dollars ($1,000,000) per occurrence for bodily injury, personal injury, and property damage. If a commercial general liability insurance form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit.

11.1.3. **Automobile Liability Coverage.** The CONTRACTOR shall maintain automobile liability insurance covering bodily injury and property damage for all activities of the CONTRACTOR arising out of or in connection with the work to be performed under this Agreement, including coverage for owned, hired, and non-owned vehicles, in an amount of not less than three hundred thousand dollars ($300,000) combined single limit for each occurrence. If CONTRACTOR or CONTRACTOR’s employees will use personal autos in any way on this project, CONTRACTOR shall obtain evidence of personal auto liability coverage for each such person.

11.2. **Endorsements.** Each general liability and automobile liability insurance policy shall be issued by insurers possessing a Best’s rating of no less than A-:VII. Each general liability insurance policy shall be endorsed with the specific language of Section 8.2.1 below. CONTRACTOR also agrees to require all contractors, and subcontractors to do likewise.

11.2.1. “The CITY, its elected or appointed officers, officials, employees, agents, and volunteers are to be covered as additional insureds with respect to liability arising out of work performed by or on behalf of the CONTRACTOR, including materials, parts, or equipment furnished in connection with such work or operations.”
11.2.2. This policy shall be considered primary insurance as respects the CITY, its elected or appointed officers, officials, employees, agents, and volunteers. Any insurance maintained by the CITY, including any self-insured retention the CITY may have, shall be considered excess insurance only and shall not contribute with this policy.

11.2.3. This insurance shall act for each insured and additional insured as though a separate policy had been written for each, except with respect to the limits of liability of the insuring company.

11.2.4. Notwithstanding the provisions included in any of the ISO Additional Insured Endorsement forms, CONTRACTOR acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amounts of coverage required. Any insurance proceeds available to the CITY in excess of the limits and coverage required in this agreement and which is applicable to a given loss will be available to the CITY.

11.2.5. The insurer waives all rights of subrogation against the CITY, its elected or appointed officers, officials, employees, or agents regardless of the applicability of any insurance proceeds, and agrees to require all subcontractors to do likewise.

11.2.6. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City, its elected or appointed officers, officials, employees, agents, or volunteers.

11.2.7. The insurance provided by this policy shall not be suspended, voided or reduced in coverage or in limits except after thirty (30) days' written notice has been submitted to the CITY and approved of in writing, except in the case of cancellation, for which ten (10) days' written notice shall be provided.

11.2.8. Contractor agrees to provide immediate notice to City of any claim or loss against Contractor arising out of the work performed under this agreement. City assumes no obligation or liability by such notice, but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve City.

11.3. Self Insured Retention/Deductibles. All policies required by this Agreement shall allow City, as additional insured, to satisfy the self-insured retention ("SIR") and/or deductible of the policy in lieu of the Owner (as the named insured) should Owner fail to pay the SIR or deductible requirements. The amount of the SIR or deductible shall be subject to the approval of the City Attorney and the Finance Director. Owner understands and agrees that satisfaction of this requirement is an express condition precedent to the effectiveness of this Agreement. Failure by Owner as primary insured to pay its SIR or deductible constitutes a material breach of this Agreement. Should City pay the SIR or deductible on Owner’s behalf upon the Owner’s failure or refusal to do so in order to secure defense and indemnification as an additional insured under the policy, City may include such amounts as damages in any action against Owner for breach of this Agreement in addition to any other damages incurred by City due to the breach.
11.4. **Certificates of Insurance.** The CONTRACTOR shall provide certificates of insurance with original endorsements to the CITY as evidence of the insurance coverage required herein. Certificates of such insurance shall be filed with the CITY on or before commencement of performance of this Agreement. Current certification of insurance shall be kept on file with the CITY at all times during the term of this Agreement. The CONTRACTOR shall provide written evidence of current automobile coverage to comply with the automobile insurance requirement.

11.5. **Failure to Procure Insurance.** Failure on the part of the CONTRACTOR to procure or maintain required insurance shall constitute a material breach of contract under which the CITY may terminate this Agreement pursuant to Section 6.2 above.

12. **ASSIGNMENT AND SUBCONTRACTING.** The parties recognize that a substantial inducement to the CITY for entering into this Agreement is the professional reputation, experience, and competence of the CONTRACTOR. Assignments of any or all rights, duties, or obligations of the CONTRACTOR under this Agreement will be permitted only with the express consent of the CITY. The CONTRACTOR shall not subcontract any portion of the work to be performed under this Agreement without the written authorization of the CITY. If the CITY consents to such subcontract, the CONTRACTOR shall be fully responsible to the CITY for all acts or omissions of the subcontractor. Nothing in this Agreement shall create any contractual relationship between the CITY and subcontractor nor shall it create any obligation on the part of the CITY to pay or to see to the payment of any monies due to any such subcontractor other than as otherwise is required by law.

13. **COMPLIANCE WITH LAWS, CODES, ORDINANCES, AND REGULATIONS.** The CONTRACTOR shall use the standard of care in its profession to comply with all applicable federal, state, and local laws, codes, ordinances, and regulations.

13.1. **Taxes.** The CONTRACTOR agrees to pay all required taxes on amounts paid to the CONTRACTOR under this Agreement, and to indemnify and hold the CITY harmless from any and all taxes, assessments, penalties, and interest asserted against the CITY by reason of the independent contractor relationship created by this Agreement. In the event that the CITY is audited by any Federal or State agency regarding the independent contractor status of the CONTRACTOR and the audit in any way fails to sustain the validity of a wholly independent contractor relationship between the CITY and the CONTRACTOR, then the CONTRACTOR agrees to reimburse the CITY for all costs, including accounting and attorneys’ fees, arising out of such audit and any appeals relating thereto.

13.2. **Workers’ Compensation Law.** The CONTRACTOR shall fully comply with the workers’ compensation law regarding the CONTRACTOR and the CONTRACTOR’s employees. The CONTRACTOR further agrees to indemnify and hold the CITY harmless from any failure of the CONTRACTOR to comply with applicable workers’ compensation laws. The CITY shall have the right to offset against the amount of any compensation due to the CONTRACTOR under this Agreement any amount due to the CITY from the CONTRACTOR as a result of the CONTRACTOR’s failure to promptly pay to the CITY any reimbursement or indemnification arising under this Section.

13.3. **Licenses.** The CONTRACTOR represents and warrants to the CITY that it has all licenses, permits, qualifications, insurance, and approvals of whatsoever nature which are legally required of the CONTRACTOR to practice its profession. The CONTRACTOR represents and warrants to the CITY that the CONTRACTOR shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this
Agreement any licenses, permits, insurance, and approvals which are legally required of the CONTRACTOR to practice its profession. The CONTRACTOR shall maintain a City of West Hollywood business license, if required under CITY ordinance.

14. **CONFLICT OF INTEREST.** The CONTRACTOR confirms that it has no financial, contractual, or other interest or obligation that conflicts with or is harmful to performance of its obligations under this Agreement. The CONTRACTOR shall not during the term of this Agreement knowingly obtain such an interest or incur such an obligation, nor shall it employ or subcontract with any person for performance of this Agreement who has such incompatible interest or obligation.

15. **NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY.** The CONTRACTOR represents and agrees that it does not and will not discriminate against any employee or applicant for employment because of race, religion, color, national origin, sex, sexual orientation, gender identity, political affiliation or opinion, medical condition, or pregnancy or pregnancy-related condition. The CONTRACTOR will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, religion, color, national origin, sex, sexual orientation, gender identity, political affiliation or opinion, medical condition, or pregnancy or pregnancy-related condition. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoffs or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The CONTRACTOR agrees to include in all solicitations or advertisements for employment and to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

16. **RESTRICTIONS: Arab League Boycott of Israel.** The CONTRACTOR hereby affirms it does not honor the Arab League Boycott of Israel.

17. **RECORDS AND AUDITS.** The CONTRACTOR shall maintain accounts and records, including personnel, property, and financial records, adequate to identify and account for all costs pertaining to this Agreement and such other records as may be deemed necessary by the CITY or any authorized representative. All records shall be made available at the request of the CITY, with reasonable notice, during regular business hours, and shall be retained by the CONTRACTOR for a period of three years after the expiration of this Agreement.

18. **OWNERSHIP OF DOCUMENTS.** It is understood and agreed that the CITY shall own all documents and other work product of the CONTRACTOR, except the CONTRACTOR’s notes and workpapers, which pertain to the work performed under this Agreement. The CITY shall have the sole right to use such materials in its discretion and without further compensation to the CONTRACTOR, but any re-use of such documents by the CITY on any other project without prior written consent of the CONTRACTOR shall be at the sole risk of the CITY. The CONTRACTOR shall at its sole expense provide all such documents to the CITY upon request.

19. **INDEPENDENT CONTRACTOR.** The CONTRACTOR is and shall at all times remain as to the CITY a wholly independent CONTRACTOR. Neither the CITY nor any of its agents shall have control over the conduct of the CONTRACTOR or any of the CONTRACTOR’s employees or agents, except as herein set forth. The CONTRACTOR shall not at any time or in any manner represent that it or any of its agents or employees are in any manner agents or employees of the CITY. The CONTRACTOR shall have no power to incur any debt, obligation, or liability on behalf of the CITY or otherwise act on behalf of the CITY as an agent.
20. **NOTICE.** All Notices permitted or required under this Agreement shall be in writing, and shall be deemed made when delivered to the applicable party’s representative as provided in this Agreement. Additionally, such notices may be given to the respective parties at the following addresses, or at such other addresses as the parties may provide in writing for this purpose.
