**NOTICE IS HEREBY GIVEN** that an Initial Study and Negative Declaration have been prepared for the proposed 923-931 North Palm Avenue Senior Congregate Care Facility Project. The City of West Hollywood (City) is the local lead agency, pursuant to the California Environmental Quality Act (CEQA), responsible for preparation of this document.

**Project Location:**

The project site is located at 923-931 N. Palm Avenue, West Hollywood, CA 90069. The project site encompasses approximately 0.44 acre and includes Assessor Parcel Numbers (APN) 4339-013-014, 4339-014-012, and 4339-014-013.

**Project Description:**

The proposed project involves the demolition of an existing residence at 923 N. Palm Avenue, and the demolition of two detached garages and non-original rear additions associated with historic single-family bungalows at 927 and 931 N. Palm Avenue. The project would construct a new four-story senior congregate care facility building and would rehabilitate and incorporate the two existing historic bungalows on the site as a reception area and as a stand-alone residence, respectively. The project would provide a total of 49 senior units, with 48 studio units in the main building and one unit in the standalone bungalow. Each floor of the main facility would also provide dining and recreation spaces and the ground floor would have a common room for exercise and physical therapy. The project would also include a subterranean parking level with 25 parking spaces, as well as kitchen facilities, laundry facilities, and a beauty salon/ barbershop for residents. The overall floor area for the project, including the historical bungalows, would be approximately 31,398 square feet (excluding the subterranean level). An exercise path for residents would loop around the main facility and be landscaped as a sensory garden.

**Summary of Impacts:**

The proposed project would result in no impacts or less than significant impacts to all resource areas analyzed under CEQA.

Pursuant to Section 17702 of the California Environmental Quality Act, the project site is not on any of the lists enumerated under Section 65962.5 of the Government Code. Pursuant to the authority and criteria contained in the California Environmental Quality Act, the Lead Agency has analyzed the project and determined that the project will NOT have a significant impact on the environment. Based on this finding the Lead Agency has prepared this Negative Declaration.
