Guide to the Cannabis Regulations 600-ft Buffer Map

To be eligible for a Cannabis License, businesses must comply with the following regulations:

- Must be located in a **Commercial Zone**
- Must be at least **600 feet away** from a childcare facility, school, or youth center (sensitive uses)

Step 1: Identify the parcel in consideration

For example, the parcel located at 8835 Sunset Blvd. is highlighted in red on the map.

Step 2: Determine if the parcel is located in a Commercial Zone

Cannabis Licenses are allowed on commercial streets highlighted in blue lines on the map.

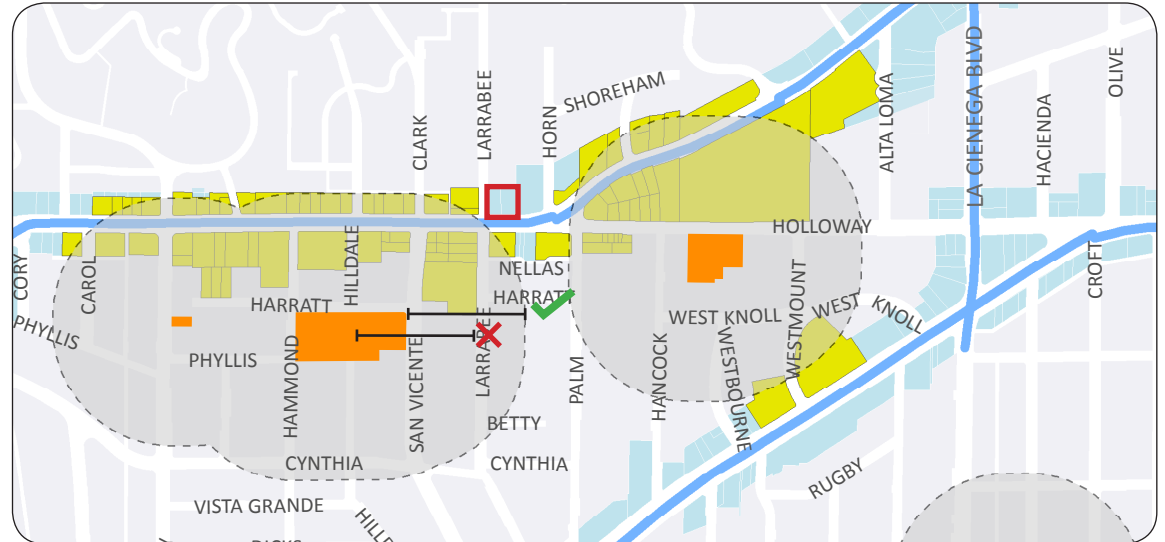

Step 3: Determine if the parcel is located within 600 feet of a sensitive use.

Sensitive uses are identified in orange, green, and dark blue. The 600 foot buffer from sensitive uses is highlighted in grey, with a dashed border. Distances are *measured from property lines, not from the center of the parcel.*

Properties within this buffer are highlighted in yellow and are ineligible to receive a Cannabis License.

Properties outside of this buffer are highlighted in blue and are eligible to receive a Cannabis License.

You may dispute the City's findings by hiring a licensed surveyor to provide additional evidence.

Legend

- Schools
- Youth Center
- Child Daycare
- Cannabis Use Allowed
- Cannabis Use Not Allowed
- Allowable Commercial Streets
- 600 ft Radius Buffer from specified use (State regulation)
