PROFESSIONAL VIDEOGRAPHY SERVICES — PROJECT DESCRIPTION

From time to time, the City of West Hollywood requires experienced and professional videography support for a wide array of City projects, initiatives, and programs. The City is currently gathering qualifications from interested videography professionals to establish a pool of individuals who can provide such services to the City on an as-needed basis.

Examples of needed ongoing videography and digital video production services include:

- Public Service Announcements
- WeHoTV News segments
- Indoor and outdoor small-scale events such as presentations, speeches, meetings, ceremonies, gatherings, and celebrations
- Outdoor large-scale events such as June LGBT Pride events and the Halloween Carnaval each October
- Providing talent for voice-over or live moderation, and acquiring music via licensing existing and/or original compositions
- Obtaining or creating necessary graphics
- Lifestyle and aerial videography
- Video editing and post-production

ELIGIBILITY

This Request for Qualifications is open to experienced and professional videographers with demonstrated training and experience in professional video production, including developing, writing, producing, editing, and packaging for online distribution.

SELECTION PROCESS

City of West Hollywood Communications Department staff will convene to review submissions through Request for Qualifications a minimum of four times per year — in September, in December, in March, and in June — and as needed as projects arise.

The City’s Communications Department serves as the office of primary responsibility for day-to-day hiring and management of videographers. All videos submitted will be subject to editing and production notes by the City’s Communications Department.

SCHEDULE + BUDGET

Should prospective videography professionals be considered for project(s), the City will issue a contract for services. The issuance of a contract is not a guarantee of work. Following the establishment of a contract, project(s) may be assigned on an as-needed basis and each project will require an approved scope of work with estimated hours, rate/fee, not-to-exceed amount, and a purchase order issued by the City’s Finance Department before work may begin. The consultant will be required to have and maintain general liability and auto insurance for the contract period to meet the minimum requirements established by the City. Prior to commencing work, the consultant must attend an orientation with Communications Department staff.
