LANDSCAPE ARCHITECTURE DESIGN AND PUBLIC ART CONCEPT DEVELOPMENT FOR THE BEVERLY BOULEVARD GATHERING PLACE

1. INTRODUCTION

1.1. Introduction

The City of West Hollywood, hereinafter referred to as "City," is soliciting proposals from consulting teams to provide a fee proposal and team qualifications for community engagement, landscape architecture design, public art concept development, construction document preparation, project coordination, cost estimate, and construction administration services for a new gathering place to be constructed as the City continues to implement the adopted West Hollywood Design District Streetscape Master Plan. Located on Beverly Boulevard at Bonner Drive, the gathering place will repurpose excess vehicular right-of-ways to create a flexible public open space incorporating landscaping, shade, seating, public art, and other amenities. Preliminary design work was 10% completed as part of the Design District Streetscape Master Plan outreach process. Referencing this preliminary design and future outreach as a jumping off point, the selected consultant team will collaboratively develop a final design for the gathering place. Additionally, final engineering design is concurrently underway for streetscape improvements to the adjacent segment of Beverly Boulevard and therefore the selected consultant team will need to coordinate with the engineering team. Prospective consultant teams shall submit qualifications for each team member, to include at minimum: a landscape architect lead, at least three (3) named public artist options with whom the landscape architect could collaborate, and a cost estimator.

The requested services and performance qualifications are described in the Scope of Services.

Responses are due on Thursday 2/28/19 at 4:00 P.M. PST. Responses must conform to the requirements of this Request for Proposals (RFP).

Once City staff has negotiated a contract for presentation to the City Council, the recommended proposal shall become a matter of public record subject to disclosure, with the exception of those elements of each qualifications that are identified by the Contractor as business or trade secrets and plainly marked as “Trade Secret”, “Confidential” or “Proprietary” and determined by the City to be exempt from disclosure under the Public Records Act. Each element of a qualifications submittal that the Contractor desires not to be considered a public record must be clearly marked as set forth above. If disclosure is required under the California
Public Records Act or otherwise by law, the City will make an independent determination and retain the confidentiality to the extent permitted by the Public Records Act.

The City’s principal contact for this proposal will be David Fenn, Associate Planner, 8300 Santa Monica Boulevard, West Hollywood, CA 90069. The contact telephone number is (323) 848-6336 and email address is dfenn@weho.org.

2. PROJECT INFORMATION

2.1. Design District Streetscape Master Plan

Finalized in December 2014, the West Hollywood Design District Streetscape Master Plan is intended to improve the overall aesthetics and mobility of the commercial district known as the West Hollywood Design District. The plan encompasses the public right-of-way on the following streets within the City of West Hollywood: Melrose Avenue, Robertson Boulevard, Beverly Boulevard, and the portion of both Almont Drive and La Peer Drive between Melrose Avenue and Santa Monica Boulevard. The Goal of the Master Plan is to strengthen the economic vitality of the district by improving the pedestrian environment, adding bicycle infrastructure, public gathering spaces, and landscaping, while improving the overall aesthetics and utility of the streets.

Building off of the Master Plan, the City subsequently launched a community-based process to develop 10% design concepts for the Beverly Boulevard gathering place included in the Master Plan. Working with community members, businesses, and neighborhood groups over three rounds of community workshops, initial concepts were developed with key preferences for planting, lighting, and the nature of the public art component reserved for a future final design process with similar levels of community involvement. This RFP represents the next step towards the implementation of Beverly Boulevard gathering place.

As the City begins to implement the Master Plan, final design is underway for improvements on Melrose Avenue, Beverly Boulevard, and Robertson Boulevard and a Metro Grant has been secured for the construction of the Melrose Avenue streetscape improvements. The Design District Streetscape Master Plan Working Group (an advisory group comprised of residents, business owners, select commissioners, and members of the West Hollywood Design District BID)—which provided extensive input on the development of the original plan—has been reconstituted to provide input on additional details as designs are finalized in the implementation process. The consultant team selected will need to coordinate with the design team for the Beverly Boulevard Streetscape Project and engage with the Working Group as well as key neighborhood groups and commissions in the design process.
2.2. **Community Engagement, Landscape Design & Public Art Integration**

The City is soliciting proposals to provide professional services for a joint team of qualified landscape architects and professional public artists to develop an integrated design that incorporates unique public art elements throughout the proposed gathering place. Public Artists are expected to influence the overall design rather than developing a standalone work such as a sculpture—though the final design could still include sculpture in an integrated way.

A community engagement program is a critical component of this project to ensure the final concepts meet the expectations and elevated design sensibilities of the design professionals in the West Hollywood Design District and adjacent neighborhoods. Community engagement is expected to inform both initial concept development and refinements to the selected concept. Community engagement activities should be designed to facilitate sufficient feedback for both the Landscape Architect and Public Artist to develop an implementable and community-based concept that responds to local concerns and expectations.

In order to ensure the public art component is compelling and in line with community goals and expectations, Landscape Architect-led teams are asked to propose three different named Public Artists as potential subconsultants, one of whom will be selected for the Project. Proposals do not need to include public art concepts. The deliverable for the proposal in regard to public art is simply qualifications of the public artists including a select portfolio of previous work.

Note: Project Architects, or any other member of the consulting design team such as Landscape Architects, Designers, Engineers, etc. are ineligible to act as the Public Artist. Also, members of the selection panel, city employees or anyone with a vested or familial relationship to the development project are also ineligible. For teams that do not have experience working with public artists it is advisable to work with a professional art consultant to assist in the search for a qualified public artist for this project. The City can provide a list of professional art consultants that have done work in the City before upon request.

Once contracted, the selected consultant team will present the portfolios and qualifications of each of the three professional public artists for consideration by the Urban Art Subcommittee of the Arts and Cultural Affairs Commission (ACAC). The Subcommittee will receive a presentation from each artist, review the artist’s respective qualifications and portfolio, and make a recommendation to the Arts and Cultural Affairs Commission for the preferred artist to develop an integrated public art concept to be further developed and implemented by the team. The City reserves the right to substitute an alternative professional public artist to a given team upon agreement of all parties and upon approval by ACAC.
With approval of the Public Artist selection from the ACAC, the Consultant team will collaborate with the Public Artist to develop an initial concept to be presented to various commissions and stakeholders for feedback and ultimately refined into a final concept.

2.3. **Process Goals**

Description of Goals for the outreach, design, and public art integration

- Create an engaging outreach process to involve boards and commissions, local stakeholders, the Design District Streetscape Master Plan Working Group, and the community at large.
- Solicit interest from a diverse pool of professional Public Artists.
- Integrate public art into a public open space design that is unique, attractive, and appropriate for the location.

2.4. **Project Team and Expertise**

The consultant team included in the proposal should be comprised at minimum of a lead Landscape Architect, Cost Estimator, and three (3) Professional Public Artists. The consultant team should also include appropriate staffing and technical expertise to address the Scope of Services outlined below including any necessary specialized design competencies such as civil, electrical, or structural engineers depending on the final concept proposed.

The ideal consulting team shall possess the following minimum qualifications:

- Experience in designing public spaces
- Experience preparing site plans, cost estimates, and other required documentation across the concept design, schematic design, design development, and construction document phases
- Experience working with local government and local communities
- Experience working collaboratively with a professional public artist in designing and implementing public spaces
- Public artist’s experience should demonstrate a professional practice in public art and experience working on an integrated project in the public realm that required collaborative work with other design professionals.

The proposal should include three (3) Public Artists’ qualifications (resumes, biographical materials, work samples/portfolio to demonstrate evidence of public art experience). Once contracted, the selected consultant team and the (3) proposed artists will present the artist qualifications and portfolios to the Urban Art Subcommittee of the Arts and Cultural Affairs Commission. The Subcommittee will make a recommendation
to the Arts and Cultural Affairs Commission for one Public Artist to continue on with the design of the project. The City reserves the right to substitute an alternative professional public artist to a given team upon agreement of all parties and upon approval of ACAC.

In addition to technical expertise in key topic areas, the project team must demonstrate that they can contribute:

- A high level of creativity and use of graphics in the production of innovative and user-friendly presentations and other materials
- The ability to effectively communicate ideas to a wide range of audiences
- Experience in developing and implementing innovative community engagement programs and events in a multi-lingual environment (in this case, primarily English and Russian). The City can provide translation services if needed.
- Previous project experience collaborating and interacting with multiple engineers and/or contractors on the same project site.

The City is hosting a pre-proposal Informational Conference on Thursday 1/31/19 at 4:00 PM in the Community Meeting Room at the West Hollywood Library. Potential consultant team members, including leads, Public Artists, and supporting consultants, are encouraged to attend the Informational Conference with the aim of meeting other consultants with whom to form a team, to provide the needed expertise. As well, potential team members are welcome to join more than one consultant team as long as their participation, role and rate are clearly stated in each proposal. The City encourages each consultant or consultant team to consider additional team members in order to provide the expertise required to achieve the stated goals below.

2.5. **Scope of Services**

11. INSURANCE REQUIREMENTS.

11.1. The CONTRACTOR, at the CONTRACTOR’s own cost and expense, shall procure and maintain, for the duration of the contract, the following insurance policies:

11.1.1. Workers’ Compensation Coverage. The CONTRACTOR shall maintain Workers’ Compensation Insurance and Employer’s Liability Insurance for its employees in accordance with the laws of the State of California. In addition, the CONTRACTOR shall require any and every subcontractor to similarly maintain Workers’ Compensation Insurance and Employer’s Liability Insurance in accordance with the laws of the State of California for all of the subcontractor’s employees. Any notice of cancellation or non-renewal of all Workers’ Compensation policies must be received by the CITY at least thirty (30) days prior to such change. The insurer shall agree to waive all rights of subrogation against the CITY, its officers, agents, employees, and volunteers for losses arising from work performed by the CONTRACTOR for City.

This provision shall not apply if the CONTRACTOR has no employees performing work under this Agreement. If the CONTRACTOR has no employees for the purposes of this Agreement, the CONTRACTOR shall sign the “Certificate of Exemption from Workers’ Compensation Insurance” which is attached hereto and incorporated herein by reference as “Exhibit B.”

11.1.2. General Liability Coverage. The CONTRACTOR shall maintain commercial general liability insurance in an amount of not less than one million dollars ($1,000,000) per occurrence for bodily injury, personal injury, and property damage. If a commercial general liability insurance form or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to the work to be performed under this Agreement or the general aggregate limit shall be at least twice the required occurrence limit.

11.1.3. Automobile Liability Coverage. The CONTRACTOR shall maintain automobile liability insurance covering bodily injury and property damage for all activities of the CONTRACTOR arising out of or in connection with the work to be performed under this Agreement, including coverage for owned, hired, and non-owned vehicles, in an amount of not less than three hundred thousand dollars ($300,000) combined single limit for each occurrence. If
CONTRACTOR or CONTRACTOR’s employees will use personal autos in any way on this project, CONTRACTOR shall obtain evidence of personal auto liability coverage for each such person.

11.1.4. **Professional Liability Coverage.** The CONTRACTOR shall maintain professional errors and omissions liability insurance for protection against claims alleging negligent acts, errors, or omissions which may arise from the CONTRACTOR’s operations under this Agreement, whether such operations be by the CONTRACTOR or by its employees, subcontractors, or subconsultants. The amount of this insurance shall not be less than one million dollars ($1,000,000) on a claims-made annual aggregate basis, or a combined single-limit-per-occurrence basis.

11.2. **Endorsements.** Each general liability and automobile liability insurance policy shall be issued by insurers possessing a Best’s rating of no less than A-:VII. Each general liability insurance policy shall be endorsed with the specific language of Section 8.2.1 below. CONTRACTOR also agrees to require all contractors, and subcontractors to do likewise.

11.2.1. “The CITY, its elected or appointed officers, officials, employees, agents, and volunteers are to be covered as additional insureds with respect to liability arising out of work performed by or on behalf of the CONTRACTOR, including materials, parts, or equipment furnished in connection with such work or operations.”

11.2.2. This policy shall be considered primary insurance as respects the CITY, its elected or appointed officers, officials, employees, agents, and volunteers. Any insurance maintained by the CITY, including any self-insured retention the CITY may have, shall be considered excess insurance only and shall not contribute with this policy.

11.2.3. This insurance shall act for each insured and additional insured as though a separate policy had been written for each, except with respect to the limits of liability of the insuring company.

11.2.4. Notwithstanding the provisions included in any of the ISO Additional Insured Endorsement forms, CONTRACTOR acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amounts of coverage required. Any insurance proceeds available to the CITY in excess of the limits and coverage required in this agreement and which is applicable to a given loss will be available to the CITY.

11.2.5. The insurer waives all rights of subrogation against the CITY, its elected or appointed officers, officials, employees, or agents regardless of the applicability of any insurance proceeds, and agrees to require all subcontractors to do likewise.

11.2.6. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City, its elected or appointed officers, officials, employees, agents, or volunteers.
11.2.7. The insurance provided by this policy shall not be suspended, voided or reduced in coverage or in limits except after thirty (30) days' written notice has been submitted to the CITY and approved of in writing, except in the case of cancellation, for which ten (10) days' written notice shall be provided.

11.2.8. Contractor agrees to provide immediate notice to City of any claim or loss against Contractor arising out of the work performed under this agreement. City assumes no obligation or liability by such notice, but has the right (but not the duty) to monitor the handling of any such claim or claims if they are likely to involve City.

11.3. **Self Insured Retention/Deductibles.** All policies required by this Agreement shall allow City, as additional insured, to satisfy the self-insured retention ("SIR") and/or deductible of the policy in lieu of the Owner (as the named insured) should Owner fail to pay the SIR or deductible requirements. The amount of the SIR or deductible shall be subject to the approval of the City Attorney and the Finance Director. Owner understands and agrees that satisfaction of this requirement is an express condition precedent to the effectiveness of this Agreement. Failure by Owner as primary insured to pay its SIR or deductible constitutes a material breach of this Agreement. Should City pay the SIR or deductible on Owner's behalf upon the Owner's failure or refusal to do so in order to secure defense and indemnification as an additional insured under the policy, City may include such amounts as damages in any action against Owner for breach of this Agreement in addition to any other damages incurred by City due to the breach.

11.4. **Certificates of Insurance.** The CONTRACTOR shall provide certificates of insurance with original endorsements to the CITY as evidence of the insurance coverage required herein. Certificates of such insurance shall be filed with the CITY on or before commencement of performance of this Agreement. Current certification of insurance shall be kept on file with the CITY at all times during the term of this Agreement. The CONTRACTOR shall provide written evidence of current automobile coverage to comply with the automobile insurance requirement.

11.5. **Failure to Procure Insurance.** Failure on the part of the CONTRACTOR to procure or maintain required insurance shall constitute a material breach of contract under which the CITY may terminate this Agreement pursuant to Section 6.2 above.

12. **ASSIGNMENT AND SUBCONTRACTING.** The parties recognize that a substantial inducement to the CITY for entering into this Agreement is the professional reputation, experience, and competence of the CONTRACTOR. Assignments of any or all rights, duties, or obligations of the CONTRACTOR under this Agreement will be permitted only with the express consent of the CITY. The CONTRACTOR shall not subcontract any portion of the work to be performed under this Agreement without the written authorization of the CITY. If the CITY consents to such subcontract, the CONTRACTOR shall be fully responsible to the CITY for all acts or omissions of the subcontractor. Nothing in this Agreement shall create any contractual relationship between the CITY and subcontractor nor shall it create any obligation on the part of the CITY to pay or to see to the payment of any monies due to any such subcontractor other than as otherwise is required by law.
13. COMPLIANCE WITH LAWS, CODES, ORDINANCES, AND REGULATIONS. The CONTRACTOR shall use the standard of care in its profession to comply with all applicable federal, state, and local laws, codes, ordinances, and regulations.

13.1. Taxes. The CONTRACTOR agrees to pay all required taxes on amounts paid to the CONTRACTOR under this Agreement, and to indemnify and hold the CITY harmless from any and all taxes, assessments, penalties, and interest asserted against the CITY by reason of the independent contractor relationship created by this Agreement. In the event that the CITY is audited by any Federal or State agency regarding the independent contractor status of the CONTRACTOR and the audit in any way fails to sustain the validity of a wholly independent contractor relationship between the CITY and the CONTRACTOR, then the CONTRACTOR agrees to reimburse the CITY for all costs, including accounting and attorneys’ fees, arising out of such audit and any appeals relating thereto.

13.2. Workers’ Compensation Law. The CONTRACTOR shall fully comply with the workers’ compensation law regarding the CONTRACTOR and the CONTRACTOR's employees. The CONTRACTOR further agrees to indemnify and hold the CITY harmless from any failure of the CONTRACTOR to comply with applicable workers’ compensation laws. The CITY shall have the right to offset against the amount of any compensation due to the CONTRACTOR under this Agreement any amount due to the CITY from the CONTRACTOR as a result of the CONTRACTOR’s failure to promptly pay to the CITY any reimbursement or indemnification arising under this Section.

13.3. Licenses. The CONTRACTOR represents and warrants to the CITY that it has all licenses, permits, qualifications, insurance, and approvals of whatsoever nature which are legally required of the CONTRACTOR to practice its profession. The CONTRACTOR represents and warrants to the CITY that the CONTRACTOR shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, insurance, and approvals which are legally required of the CONTRACTOR to practice its profession. The CONTRACTOR shall maintain a City of West Hollywood business license, if required under CITY ordinance.

14. CONFLICT OF INTEREST. The CONTRACTOR confirms that it has no financial, contractual, or other interest or obligation that conflicts with or is harmful to performance of its obligations under this Agreement. The CONTRACTOR shall not during the term of this Agreement knowingly obtain such an interest or incur such an obligation, nor shall it employ or subcontract with any person for performance of this Agreement who has such incompatible interest or obligation.

15. NON-DISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY. The CONTRACTOR represents and agrees that it does not and will not discriminate against any employee or applicant for employment because of race, religion, color, national origin, sex, sexual orientation, gender identity, political affiliation or opinion, medical condition, or pregnancy or pregnancy-related condition. During the term of this Agreement, the CONTRACTOR shall keep on file sufficient evidence of its employee compensation and any applicable benefits packages, as those benefits relate to the coverage of the domestic partners of contractor’s employees, which shall include; bereavement leave; family medical leave, and health insurance benefits, to enable verification of compliance with the West Hollywood Equal Benefits Ordinance.

18. **RESTRICTIONS: Arab League Boycott of Israel.** The CONTRACTOR hereby affirms it does not honor the Arab League Boycott of Israel.

19. **RECORDS AND AUDITS.** The CONTRACTOR shall maintain accounts and records, including personnel, property, and financial records, adequate to identify and account for all costs pertaining to this Agreement and such other records as may be deemed necessary by the CITY or any authorized representative. The CITY shall have the sole right to use such materials in its discretion and without further compensation to the CONTRACTOR, but any re-use of such documents by the CITY on any other project without prior written consent of the CONTRACTOR shall be at the sole risk of the CITY. The CONTRACTOR shall at its sole expense provide all such documents to the CITY upon request.

21. **INDEPENDENT CONTRACTOR.** The CONTRACTOR is and shall at all times remain as to the CITY a wholly independent CONTRACTOR. Neither the CITY nor any of its agents shall have control over the conduct of the CONTRACTOR or any of the CONTRACTOR’s employees or agents, except as herein set forth.
