

LA County is Modernizing the Voting Experience by 2020

LA County's current voting experience is outdated and in critical need of modernization. Voters should be able to vote when, where and how they want. The new voting system under Voting Solutions for All People is an important step to accomplishing these goals.

CURRENT VS. FUTURE

- Limited Voting Experience
- Only 1 Day to Vote
- Polling Places

- Any Voter Can Use
- 11 Days to Vote
- Vote Centers

 Voting equipment is outdated and inaccessible to many voters; limited to **1 device** per location

 Paper rosters are printed in advance and often require supplemental printing

 Voters can vote at **any** vote center throughout the County with full language services and expanded accessibility

 *Electronic Pollbooks (ePollbooks) access data in **real time** and allow for same day registration

 Early voting only available at a **limited** number of locations in the County

 Fully accessible voting equipment available at **every** vote center

 Voters can only vote at **1 location** on **1 day** between 7:00am and 8:00pm

 Voting available for **11 days** at vote centers throughout the County

*The new voting model will move us away from reliance on pre-printed paper rosters and in its place provide real time access to the full voter database at all voting locations that makes same-day voter registration easier.
