BACKGROUND

The inaugural WeHo Artist Bootcamp program was introduced in 2019 and served 24 artists from West Hollywood. The intent of the program is to provide artists with an opportunity to develop professionally and hone skills that would allow them to present themselves clearly, articulating their aesthetic, vision, and project.

The goals and objectives of the Artist Bootcamp are to:

- Assist artists in making clear career choices in line with their priorities and expectations
- Increase the capacity for artists to realize work
- Nurture and support the long-term development of artists and their ideals
- Support the career growth of artists by encouraging participation in a variety of professional development opportunities that advance the artist’s practice and entrepreneurial skills
- Strengthen artists networks by building a connected and supportive artists community
