RAIN DATE CONTIGENCIES

***In anticipation of possible inclement weather, a production may request a rain date *prior* to their initial shoot. This is permitted on a case by case basis. Please contact the Film Office for more information.**

In the event of inclement weather or similar unforeseen circumstances during filming, a production may request a rain date to complete their work. If this request is for an existing permit with a critical turnaround time (i.e., the following day or a Monday after the weekend) and it is after normal filming hours (7am to 10pm) or over the weekend, please use the contact information below to reach the Film Office, in the order below. If a deputy is assigned to the shoot, the deputy is also a first point of contact.

Any other non-emergency inquiries regarding rain dates (as defined above) should be directed to the Film Liaison only.
