

APPLICATION FOR WEST HOLLYWOOD SEISMIC RESOURCE FAIR

Saturday, November 2, 2019 11am - 3 pm

The City will be hosting a Seismic Resource Fair to provide information and resources to property owners and businesses of West Hollywood. We are specifically looking for companies that have experience with seismic retrofits. The City has approximately 30 spaces available for vendors. If your company is interested in having a table at the fair, please fill out the attached application and email to SeismicProgram@weho.org by Friday, October 11, 2019. Applications will not be accepted after the deadline. Forms must be completed in their entirety and incomplete applications will not be accepted. Please note that submission of an application does not guarantee a space at the event. Applications will be reviewed and vendors will be selected on a first-come-first-serve basis based on experience and qualifications. Selected companies will be notified by email and further information will be provided at that time.

All applicants should be familiar with the City of West Hollywood retrofit program and compliance requirements. Additional information about the Seismic Retrofit program can be found on the City's webpage www.weho.org/seismic
